

I am opposed to any weakening of Indiana's Telephone Privacy Laws. I DO NOT want these people calling me offering me credit cards or other junk that I am not interested in. If I need a service from anyone, I will go ask for that service from the company of my choice. I don't need anyone trying to hard-sell me anything over the phone. The evening is my time with my family, to help my kids with their homework, talk to my family and have good quality time with my family. Not answering my phone all night. Thanks for your consideration on this matter.
